

# WINTER CME SERIES

JANUARY 24, 2024  
GU, GI, and Thoracic  
Oncology

JANUARY 31, 2024  
Women's Cancers  
- Year in Review

FEBRUARY 7, 2024  
Hematologic Malignancies  
- Update from ASH

## PROGRAM OVERVIEW

The 2024 Winter Conference Series will consist of 3 sessions on Wednesday afternoons beginning January 24, 31, and February 7, 2024, at Venue SIX10 in Chicago, IL.

The sessions will be live in person and offered online via a live broadcast. 60-90 days following the conference, the recordings will be made available for on-demand viewing.

The expected attendance of the live in-person sessions is approximately 100 healthcare professionals in addition to multiple exhibitors.

## EDUCATIONAL GOAL

This conference aims to educate practitioners and update their knowledge of advances in diagnosing and managing cancers related to hematologic malignancies, women's health, and general oncology.

## TARGET AUDIENCE

The target audience for this conference is medical oncologists, hematologists, pathologists, oncology nurses, fellows, residents, advanced practice providers, family practitioners, primary care practitioners, allied health professionals, and other providers interested in the care of patients with cancer.

## CME CREDITS

Earn up to 3.0 hours of CME per session.

## PARKING

Parking is FREE at Grant Park South Garage (aka Millennium Park South Garage) located at 325 S Michigan Ave. Bring your parking ticket to the conference registration desk for validation.
